## The Vision Surrogate™

**...and her team : Activate Plan B**

### **Revive- Reimagine- Rebuild- Restore How to navigate this season of rapid change**

Class Code: 55114

- We are in the point in time when we move from a period of poor preparation and having to create a new process to move the world forward past fears and uncertainty.
- The universe is telling us ...we must Active Plan B go Back to Basics. The strategy is simple -Revive conduct life or business check up- Reimagine new vision- Rebuild Action- Restore/ relaunch. A simple approach can be applied at any scale to quickly implement and build new institutional knowledge (processed understanding) that will allow individuals to move quickly as they navigate this new terrain.
- The access we have to technology is extraordinary- we must embrace it!
  - Our team has the ability to micromanage a large group of people with a common goal with big impact!
  - The Vision Surrogate™ and her team capabilities and ability to create new technologies and ideas to keep us engaged in decisions regarding every aspect of the customer experience no matter what business we are in.
  - Brenda, the Vision Surrogate and her team , has the ability to create order out of chaos. This skill requires a process-oriented approach that is ultimately simple and scalable.
- Brenda L. Hill, the Vision Surrogate, has created a Mentor Program to engage and maintain a simple but incredible way to connect with customers and community.
- When connected properly we then engage the client by meeting them where they are and creating an image of the imagination as they see it, by assisting them in writing the vision and making it plain will cause members to have less anxiety and clear to be flexible with the process; they may even be excited or demand to be part of it. We make it all about them.
  - When scaling rapidly, it is critical that one can understand and qualify the reality of a situation, event or opportunity while navigating. When staring In the face of reality clear interpretation is always needed.
  - Brenda is a leader who is able to articulate a positive outcome through any scenario, even downside scenarios, will be able to help maintain objectivity within the team or with the customer.
  - Rapid growth and change may well be exciting for some, but most people generally find transformation difficult to adapt to... As a VS I can help you make better choices and decisions to ensure success.

# ABOUT ME

Brenda L. Hill-Riggins is CEO of MARS Contractors, Inc. She is a visionary businesswoman with domestic and international business interests. Since 1992, her company has partnered in construction projects costing over 4 Billion dollars. Ms. Hill-Riggins is a philanthropic and innovative business owner who has diversified her businesses to include farming, life skills coaching, and authorship. Her mission is to assist others with economic empowerment, job training, professional development, real estate development, and family community development.

Brenda is the wife of Marcus A. Riggins. She is the mother of four, Grandmother of eleven, and Great Grandmother of seven. She has traced her family history back 10 or more generations of all four grandparents. Through DNA, Brenda has traced her roots back to Sierra Leon Africa, to the Mende Tribe. She has interviewed over 25 family members, and wrote their short stories.

Brenda has been honored by: 2 U.S. Presidents, (President Obama's Lifetime Achievement Award and President Clinton's Letter of Recognition); 2 City of Miami Mayors (Carlos Alvarez designated Brenda L. Hill-Riggins Day and Alexander Penelas recognized MARS Contractors for becoming the 23<sup>rd</sup> Fastest Growing Inner City Businesses in America out of 2,000; Inc. Magazine and Harvard University. She received an Honorary Degree in Philosophy from CICA.

Ms. Hill-Riggins has published or written over 10 books, including Co-Author with Ken Blanchard & Stephen Covey; created several toys and games; been featured in over 14 news articles; received over 60 awards; followed Oprah's lead and presented the Living Legends Ball; patented or copyrighted more than 10 inventions; and created innovative educational programs. In 2019, Brenda launched the MARS Trade Academy.

Brenda is a world traveler, visiting the 7 continents, witnessing the 7 Wonders of the World, sailing the 7 seas, she stood on the equator in Tanzania Africa, was baptized in the Jordan River, floated in the Dead Sea, and was blessed by the Pope in the Vatican. Brenda is an international panelist who speaks and presents workshops and seminars to professionals and aspiring entrepreneurs.

Running a construction company is what she does, but who she is is The Vision Surrogate™.

Understand that a surrogate can extract data logic and systematically look up and replace every incoming idea from the natural visionary with a spiritual equivalent each time either a dimension record (information gathered from the natural visionary regarding the vision or idea) or a fact record (information about the natural visionary's abilities, strength and weaknesses) is brought into the spiritual manifestation environment. There are still more reasons to use surrogate visionaries. One of the most important is the need to decode uncertain knowledge.

## Living Life's Purpose

"Everyone on this planet has a life's purpose. In search for my purpose in the world I experienced the perfect awakening of the mind, body and spirit. For within the womb of my heart I was pregnant with vision of a new me. I arrived at a crossroads on my journey, found my bearings- had a hard conversation with ME, Myself and I. Made good decisions and moved forward. My life began to flourish leaps and bounds. No longer could anything keep me from reaching my destiny. The questions becomes - How can one give birth to self? Is this the ushering in of a new degree of understanding? Or is it an over standing of the paradox of life? I pray this book will help bring you understanding, eliminate uncertainties, restore hope, release joy, and help you birth the vision within you," said Author Brenda L. Hill-Riggins.

## How I gave Birth to ME

Pregnancy is the beginning of dramatic changes in life, just as having an epiphany of your life's purpose is the beginning of something personal and incredible. These significant events are also important spiritually.

This moving transformational experience, thirty years in the making, will help you understand the path to finding purpose and begin a whole new, life-changing journey! Author, entrepreneur, motivator, and mother, Brenda Hill-Riggins uses pregnancy as a metaphor to explain her journey. The nine months of pregnancy are represented by her thirty four year experience. The insights from the masters which were sometimes everyday ordinary people in her life are laced with mercy, grace, and understanding. The three trimesters define the development of her mind, body, and spirit. Capturing each stage of pregnancy, from conception to birth, Brenda skillfully engages her audience through the "vision birthing" process. Each step of pregnancy has different challenges and triumphs. The same holds as you give birth to your life purpose. Giving birth to your goal is no easy task. Hill-Riggins will coach you throughout the entire birthing process as she shares her seasons of change and offers her own humanity as evidence that God will do what He Promised.

***"A self-help guide—for women, by a woman—to finding real purpose by using the metaphor of pregnancy."***
